Emerge

Let's make sure you're ready for tomorrow.

Emerge

Having proper health insurance in place is important at any stage in life. Through HUB's online Emerge portal, our insurance experts will help you review the insurance options available based on your needs.

Is Emerge for you?

If you answer yes to any of the below, scan the code under STEP 1 to access the Emerge portal.

- Leaving your current benefits plan due to retirement, layoff or self-employment?
- International student, worker or visitor in need of health insurance?
- Individual or dependent with pre-existing conditions?
- Needing travel insurance?

With HUB by your side, you have a partner who is committed to supporting and protecting you, and who is going to help you emerge from life's unexpected turns, so you're ready for tomorrow.

Retired, Laid Off or Self-Employed

You no longer have coverage arranged by your employer. With HUB, we'll help you emerge through this time of need by obtaining the best coverage that protects what matters most to you.

International Student, Worker or Visitor

You are in a new country as a student or worker, or your family is leaving their home country to visit you. With HUB, we'll help you emerge through this with confidence by providing a health package that protects what matters most to you.

Individual or Dependent with Pre-Existing Conditions

You or a dependent have a pre-existing health condition that is not covered through standard insurance packages. With HUB, we'll help you emerge through this by arranging a health package catered to your needs.

Needing Travel Insurance

You are planning a trip or are about to leave on a quick getaway and need insurance fast. With HUB, we'll help you emerge through this last-minute concern by obtaining a travel insurance package that protects what matters most to you.

Part Time or Seasonal Worker

You are a part time or seasonal worker who may not be eligible for your employer's group benefits plan, but still require coverage.

Using the Emerge portal is easy as 1, 2, 3!
