Government Regulations/ Legislations

American Rescue Plan Act - COBRA Subsidies

Much has been written about the stimulus checks and vaccine aid that are major elements of the American Rescue Plan Act of 2021 (ARPA), enacted in March. The Act also includes several lesser-known elements designed to provide relief to struggling Americans, and employers need to take notice. Of particular note is

a provision of ARPA that provides COBRA subsidies to eligible individuals, beginning on April 1, 2021 and lasting through September 30, 2021. Failure to provide timely notification of the subsidies to eligible individuals will be considered a failure to meet the COBRA notice requirements, which can result in severe penalties. Therefore, employers need to act quickly to ensure their procedures and communications are updated to ensure compliance.
