January 2021

I don't think we have ever been so excited to close the books on the past 12 months and turn our eyes to the new year...welcome 2021! We want to encourage all schools to stay the course when it comes to healthy students and staff. Below are a couple helpful links in regard to vaccine guidance and assistance.

COVID-19 Tests and other Medical Services at Home with Dispatch Health

Dispatch Health is an at-home medical provider. They are a contracted provider for many carrier networks in Colorado. This means that your employees can use them for no additional cost (or lower cost if you are self-insured) to your school. With the ability to perform COVID-19 tests and other services at a member's home, the convenience and peace of mind is something your employees may really need right now. If this makes sense for your school, confirm Dispatch Health is in your network, and send out this [link](#). If you or someone you know has symptoms of COVID-19, please click [here](#).
