February 2020 - Charter School Health Pool

On January 1st, 2019, the HUB Charter School Practice launched the Charter School Health Pool, a first-of-its kind program that allows charter schools to more safely join together to purchase coverage in a self-funded structure. Even with an average school size of less than 100 employees these schools experienced, on average, a decrease of more than 20% to their 2018 health insurance cost!

With a year of experience behind us, we are excited to share more about the process, structure, and success with the leaders of the participating charter schools. Please plan to join us for a very brief presentation and panel discussion at the Colorado League of Charter School Conference on **March 12th**. We will send additional information on details as we lock them down. Look forward to seeing you there! If you want information before then, contact us directly.

Zero to Sixty Video: What is Pollution Liability Insurance?

Mold. Asbestos. Lead-based paint. Are you covered? Government laws hold organizations legally responsible for any damage and injuries caused by pollution, or an environmental-based event. [Click here](#) to see this one-minute video and learn more.

The SECURE Act & What it Means for You

The most significant retirement plan legislation in more than a decade --the SECURE Act -- was signed into law in December 2019. It seeks to make it easier for businesses to offer retirement plans, and for individuals to save for retirement.
