

HUB Charter School Practice Study Hall

October 2019

You know what is really scary? Students, parents or staff getting unnecessary injuries. As we head into winter, take a quick look at the simple reminders in our Zero to Sixty video. Not quite as scary, but still ominous, is the prospect of your school getting hit with more than your share of cold and flu absenteeism this season. Take steps to limit your exposure through the simple, but really important, reminders below.

HUB is proud to be committed to the support and strengthening of charter schools across the country. Thank you for your partnership, trust and confidence!

Zero to Sixty Video: Preventing Slips, Trips and Falls

Slips, trips and falls can be scary and are one of the most common workplace accidents. Fortunately, they are preventable! [Click here](#) to see this one-minute video with 8 steps you can take to protect your employees.

6 Guidelines to Help Amateur Sports Groups Develop Effective Emergency Action Plans

Emergency Action Plans (EAPs) are essential for charting out the best and most immediate course of action should a serious health emergency affect an athlete at practice or during play. Here are key provisions for creating one. [Click here](#) to read more.

Protect Your Employees from the Flu

'Tis the season for flu shots! Each year, seasonal influenza has a marked impact on employers. Seasonal flu can cause increased absenteeism, decreased productivity and higher health care costs. As an employer, you are well-positioned to help keep your employees healthy and minimize the impact that influenza has on your business. The Centers for Disease Control and Prevention (CDC) recommends strategies for employers to help fight the flu. Click [here](#) to read more.
