Get access to virtual care **24/7**, wherever you are!

EQ Care is pleased to partner with you to provide 24/7 national and bilingual virtual health care services to your plan members.

We have been providing exemplary health care services to Canadians for over 30 years and were the first to introduce virtual care services in Canada.

Our goal is to improve the patient journey by providing faster access to care and treatment, and to customizing each patient's experience to meet their unique needs, with empathy and a human touch. We are committed to service excellence and to staying ahead of the innovation curve which leads to better health outcomes and patient satisfaction.

We welcome the opportunity to serve you as part of our partnership.
